

The Hands Across Minecraft Student Declaration

JOIN THE MOVEMENT

Students across America are joining Hands Across Minecraft™ to celebrate America250 by designing their Minecraft character and placing a symbolic block representing their community.

Sign this declaration and add your block to the National Minecraft Brick Wall.

In celebration of America250, we the students of this nation declare:

- That creativity, collaboration, and imagination can help build stronger communities.
- That the future of America will be shaped by those who are willing to dream, design, and build together.
- That through technology, teamwork, and shared purpose, we can connect across classrooms, cities, and states.
- That just as millions joined hands across America in 1986, today we join Hands Across Minecraft™ to create a new generation of builders, problem-solvers, and leaders.

Together we pledge to:

- Respect and support one another.
- Use creativity to imagine better communities.
- Build with purpose and collaborate with others.
- Use technology responsibly.
- Help shape the future of America.

Your Promise:

- We will build our future together.
- One idea.
- One nation.
- One block at a time.
- Hands joined in unity

Signed in the spirit of unity and imagination for America250
